

Chief Digital Officer

As the Chief Digital Officer at Digital Domain, you will be responsible for shaping the strategic vision and direction of our digital initiatives, ensuring they align with the overall business goals and deliver maximum value to our clients. With a keen entrepreneurial mindset and a strong focus on cost-benefit analysis, you will play a pivotal role in identifying new opportunities for growth and innovation through technology.

Key Responsibilities:

- Develop and execute the company's comprehensive digital strategy, outlining a clear roadmap for the development, deployment, and ongoing management of our AI, virtual human, and other digital product offerings
- Conduct thorough cost-benefit analyses to evaluate investment decisions, ensuring Digital Domain's digital initiatives deliver measurable business value and a strong return on investment
- Foster an entrepreneurial culture within the organization, encouraging calculated risk-taking and a data-driven, results-oriented approach to decision-making
- Collaborate with the executive team to fully integrate digital capabilities into the company's overall business strategy, leveraging technology to drive competitive advantage
- Represent Digital Domain's digital vision and thought leadership to external stakeholders, including clients, partners, and the broader industry
- Stay at the forefront of emerging technologies, industry trends, and best practices to inform the company's digital roadmap and maintain a leading position in the market
- Build and lead a high-performing team of digital experts, technologists, and business strategists, cultivating a culture of innovation and continuous improvement

Qualifications:

- Bachelor's degree in a relevant field (e.g., business, computer science, engineering); advanced degree preferred
- 8+ years of experience in a senior digital, technology, or innovation leadership role, preferably within a client-facing, entrepreneurial environment
- Proven track record of driving successful digital transformations and delivering measurable business results
- Strong business acumen and exceptional analytical skills, with the ability to analyze complex data, identify cost-saving opportunities, and optimize return on investment
- Excellent communication and interpersonal skills, with the ability to effectively collaborate with cross-functional teams and present to executive-level stakeholders
- Innovative mindset and passion for exploring new technologies and business models to stay ahead of industry trends
